Office Action Summary

DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 2, 11-17 and 19-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 2, 11-17 and 19-22, it is not clear if portions of a chair are being claimed. The preambles of the claims do not recite the chair as being positively claimed. However, in the bodies of the claims, portions of the chair are positively recited as being attached to structural elements of the invention. This is improper because it makes the claims indefinite. If the applicant wants to claim portions of the chair, then the portions of the chair must be shown in the drawings and recited in the specification.

In order to expedite the prosecution of this application, the examiner would like to have a telephonic interview in order to remove the 112 rejections from the claims.
